Transport

Airports 19 airports	Road 2,010km roads	Rail 14,000km track	Ports 18m TEUS	385m freight tonnes
57m passengers	1.3m average daily traffic	2,612 rail leasing	29 ports and terminals	

Utilities

9.6m customers	341,000km electrical transmission	1GW electrical transmission	71,000km gas distribution	27bn ft ³ gas storage
-------------------	--------------------------------------	--------------------------------	------------------------------	-------------------------------------

Renewables

2,400MW wind	1,600MW solar	100MW energy from waste (EfW)
-----------------	------------------	----------------------------------

Telecommunications

17,000 towers and masts	1m ft ² data centers
----------------------------	------------------------------------

33,000km
fibre

Social

59 schools	16 healthcare centres	5 hospitals	235 social housing
18,000 pupils	613 healthcare centre beds	2,166 hospital beds	20,000 student accommodation
